ASSALAMU-ALAIKUM

Colenso is a small, but prominent, Northern-KZN town, situated between Estcourt and Ladysmith. It is well known for its historical importance during the British Colonial Rule. A tiny museum still bears testimony to this fact.

In the early 1900's, due to the rapidly increasing Muslim population, Hazrat Soofie Sahib (RA), single-handedly put up a Masjid in Colenso Town.

Today, Alhamdulillah, this petite Masjid still stands proud, as always. Regular contributions from the musallees and well-wishers, kept the Masjid and Madressah going, in those days.

However, due to the dwindling Muslim population, the maintenance and running of the Masjid and Madressah has become a dire mission. No fixed income or financial support is forthcoming from any Trust or Institution whatsoever.

Currently, just a handful of residents, former residents and well-wishers are keeping matters going. It is pitiful. May Allah reward them all. Ameen.

Constant funds are needed for the running expenses, and maintenance, of the Masjid and Madressah. It is a constant battle every month.

We, as concerned individuals, hereby humbly appeal to each and everyone to kindly assist in keeping this historical, and important icon going on.

Lump sum or regular monthly contributions are most welcome and appreciated. No amount is too small. Every cent will pave your way to Jannah. Ameen. Summa Ameen.

REMEMBER: This little Masjid, in this little Town, tirelessly served the Ummah of South Africa, pre-Freeway Era, when it was imperative to transverse through Colenso. Moreso, during holiday periods when everyone flocked to the coast.

PS: We have concerned well-wishes who have volunteered to pass our appeal around. In most likelihood you would have received this from one of them.

*The Masjid served our needs, and still does.
Lest we forget Subhanallah*

Jazakallah Khairah
