Re: Israel

I am honoured to lend support and align myself to the sterling letter sent to you by SAMNET. The threat of Zionism, the actions of the war monger and genocidal psychopath Nethanyahu in Gaza and other Muslim countries, appears to have left fleeting memories to certain countries in the world.

I applaud your courage, your alignment to humanity and to true democracy because many other countries have directly and/or indirectly committed acts of aggression with their cohorts, the USA and Israel, against the vulnerable people of Gaza, Lebanon and Iran, as conspirators, co-conspirators, accessories or as cold blooded murders and you have distanced yourself from these heinous acts, very boldly and confidently, we may add, attracting the ire of these criminals. By remaining silent they are also complicit in allowing these atrocities to continue unabated—I could never conceive how the world has become immune to abuse, genocide and tolerance and accept this complacently without any feelings of mercy.

Our beloved country, South Africa, was the first to do so, having boldly ventured to the ICJ

and ICC, because we understand oppression from first hand experience.

We note:-

- (a) That Israel has accused Spain of a "hostile diplomatic campaign" .
- (b) That Spain has recognized the State of Palestine in 2024.
- (c) That Spain has been labelled "anti-Israel" and "hypocritical".
- (d) That Spain has courageously Spain blocked US operation on Iran.
- (e) That the President of the USA has inappropriately said:" "Spain's obsessive anti-Israel bias under Sanchez's leadership is so egregious that it has lost all capability to serve a constructive role in implementing POTUS's [President of the United States] peace plan and the center operating under it," he wrote on X."<sup>1</sup>
- (f) Spain and Ireland among countries pushing for suspension of EU-Israel agreement. It was eloquently stated by: "'Today, Europe's credibility is at stake," Spain's Foreign Minister Jose Manuel Albares told reporters."
- (g) In a historic diplomatic rupture, the **Spanish government has officially severed all ties with Israel** and initiated the closure of its embassy .
- (h) You have not allowed your country, or airspace to wage war by these hooligans.

I believe that you, your country and those that have adopted restraint and peace, will be recognized in history, as honourable people and you will leave behind a legacy to be reciprocated. Thank you for your stance in savign humanity. I applaud you! (I will be remiss if I did not do so).

**PLEASE KEEP UP THE GOOD EFFORTS AND STRIDES YOU MAKE.**

Kind regards  
RPatel
