SAHUC - ANOTHER SHAITAANI EXPLOITER

Lamenting the shenanigans of Sahuc, a Brother writes:

“With great respect I am writing to *The Majlis*. For many years I have been working on and seeking the relevance of SAHUC in particular there exploration (or exploitation –*The Majlis*) of Hujjaj. I engage with Dirco in South Africa as well but SAHUC has a deep influence on Dirco.

In a recent news report SAHUC has written to the public that they are now indeed fully in charge of Haj in South Africa and removed the travel agents from the equation which is a concern as to how a regular now becomes a service provided. SAHUC is trying very hard in every way possible to to add additional harm to to Hujjaj and wants to at every opportunity control the Nusuk platform for South African hujjaj.

Just a move is not surprising because if you look at the latest financial report they show reserves of over R36 million in cash and investments. Their income is over R8 million rand with mission costs of R4.4million hence they would try very hard to secure the cash cow. We the ummah are at a loss situation all the way. Unfortunately some of our Ulema bodies are silent when it comes to SAHUC possibly because they curry favour with SAHUC

I seek your views, advice and duas as I embark once again on the mission to have SAHUC disband if Allaah Ta alla wills. I have enclosed there latest financial statement for your review.

I first ask Allaah Ta'ala to guide me in the matter and ask you duas that we can finally get Hujjaat an affordable haj.

With the Nusuk system there is no registration fee, no haj acceptance fee, free medical assistance in the Kingdom and many other free services with affordable packages.” (*End of the Brother’s legitimate complaint against the Exploiting Sahuc*)

Comment

Sight should not be lost of Sahuc’s objective. Its objective is the carrion of this dunya which it is pursuing under cover of the Deen. The objective is the HARAAM boodle which is being netted garrulously in the name of the Deen, viz., the Hajj ibaadat.

Predicting the Signs of Qiyaamat, Rasulullah (Sallallahu alayhi wasallam) said: *“The dunya will be pursued (and acquired) with the amal of the Deen.”*

The millions which Sahuc is siphoning off from the community and sucking from the moron Muslims is the haraam boodle. This is the ‘pursuit after the dunya’ stated in the Hadith. The manner of its acquisition is the ‘Hajj stunt’. This is the *amal* of the Deen mentioned in the Hadith. The Deen is being utilized by different institutions in this era to suck money from stupid Muslims who in turn are complicit in the Satanism of pursuing the dunya with the amal of the Deen.

Their objective is merrymaking holidays which they are embarking on with the amal of the Deen, namely Hajj and Umrah. Thus, Sahuc is the reflection of the corrupt Muslim community. Sahuc mirrors the rot prevalent in the Muslim community. The community has a rotten hajj agency which emanates from the rotten, haraam condition of the Muslim community.

As long as Muslims use the Hajj ibaadat as front and cover for their nafsaani merrymaking holidaying, the existence of an Islamically corrupt, faasiq, faajir, haraam institution such as Sahuc will regulate the affairs of their hajj holidays. Muslims should reform themselves, abandon their reckless, shaitaani squandering of colossal amounts of money, have greater care, concern and love for the suffering Ummah such as those in Gazzah and Afghanistan, then Allah Ta’ala will deal with and eliminate the stunts, fleecers and exploiters.
